DR. ANOOP GOEL
Managing Director

Dr. Anoop Goel is a renowned Orthopaedic Surgeon and the Managing Director of the Goel Group. With a strong commitment to community welfare, he has played a key role in establishing multiple healthcare institutions in Lucknow, bringing quality medical care closer to people from surrounding towns and rural areas. MEET THE DIRECTOR

An alumna of the University of Oxford, Richa Goel serves as the Director of SAAR Academy with a singular vision: to ensure that a student's potential is never limited by geography, access, or circumstance.

Having worked extensively with students aspiring to gain admission to some of the world's leading universities, she has witnessed firsthand the transformative power of quality mentorship and academic guidance. These experiences reinforced her belief that while talent exists everywhere,

access to exceptional educational opportunities often does not.

Through SAAR Academy, Richa seeks to bridge this gap by bringing academic excellence, structured mentorship, and personalized guidance to students in Chinhhat and neighbouring communities. Her goal is to provide the same quality of teaching and support available in India's premier educational centres while keeping it accessible and affordable for local families.

Working under the guidance of the Goel Group leadership, SAAR Academy has been built around the principles of conceptual clarity, academic rigour, disciplined preparation, and individual attention. The institution aims not only to prepare students for success in IIT-JEE, NEET, and other competitive examinations, but also to nurture confidence, character, and a lifelong love for learning.

Richa believes that education is the most powerful catalyst for social transformation. Through SAAR Academy, she hopes to create opportunities that empower students to dream bigger, achieve more, and become the next generation of leaders, innovators, and changemakers.

"Excellence should not be a privilege available to a few—it should be an opportunity available to every student."
